

SCHOLARSHIPS

Coastline students can apply for scholarships available through the Coastline Foundation during the fall and spring semesters. Applications are found online at the Coastline Scholarships Webpage (<https://www.coastline.edu/cost-and-aid/scholarships.php>). Scholarship awards are presented during the spring semester at the annual Scholarship Awards Reception. Factors for selection can include academic achievement, course of study, service and leadership, college and community involvement, and/or financial need. Applicants are required to submit a Scholarship Application and must have acceptable academic progress at Coastline (students on probation or suspension are not eligible), have five completed units at Coastline College, and be enrolled in a minimum of five units at Coastline in the fall and/or spring semester during the year in which they apply. For information about the program criteria and awards available, visit the Coastline Scholarship Webpage (<https://www.coastline.edu/cost-and-aid/scholarships.php>).
