## Course Description

This course will further the study of the creative and production aspects of running a dance ensemble for the purpose of community outreach and performance. This course is designed to allow continuing opportunities for students interested in producing original choreography and performing in the dance studio at GWC, on the GWC Mainstage and elsewhere in the community at an intermediate/advanced level. Students will be provided performance opportunities and experiences required for management of a dance company. All aspects of dance concert production are studied including choreography, lighting, costuming, publicity, music, scenery design, special effects and staging. Placement by audition only. Enrollment not accepted until auditions at the first class meetings. PREREQUISITE: DANC G230, DANC G250, or instructor permission. Transfer Credit: CSU; UC.

## Course Level Student Learning Outcome(s)

1. Course Outcomes
2. Create a fully realized live dance concert in a studio setting that utilizes technical elements, stage flooring, backdrops, special effects and costume changes at an intermediate/advanced level.
3. Choreograph and/or perform a dance composition from beginning to performance/production with an awareness of stage space and its relation to the many styles of dance choreography and the audience at an intermediate/advanced level.

## Course Objectives

- 1. Collaborate with instructor and peers as a choreographer, lighting designer, costume designer or director of staging for a studio dance concert at an intermediate/advanced level.
- 2. Prepare an intermediate/advanced level studio dance concert designed to reach diverse audiences.

## Lecture Content

Lecture demonstrations Principles of studio production Lighting design and techniques Costuming Scenic design Make-up Special effects Stage management Marketing including use of social media Publicity including use of social media Miscellaneous management aspects of studio dance production Miscellaneous technical aspects of studio dance production Principles of studio performance Choreographic techniques and staging Rehearsal techniques Emphasis on stage space and how it relates to the choreography Theories Dynamics Working in an ensemble Techniques for evaluating music for use in studio concert performance Live music Recorded music Created music Techniques for critical evaluation By instructor By students Journal
