Course Description

Formerly: ITRN A393, Internship Experience - Level 2. Supervised internship or work experience for the student who has identified a major area of study and/or a career path of interest. On-the-job learning experiences will contribute to student's occupational and educational goals as well as develop both professional soft skills and technical skills. Internship may be either a paid or unpaid position; work experience must be paid. This course is only for students who are continuing their same internship or work experience (from ITRN A100) with the same worksite; must identify different student learning outcomes. PREREQUISITE: ITRN A100. Transfer Credit: CSU.

Course Level Student Learning Outcome(s)

1. Identify two student learning objectives related to internship or work experience, responsibilities, and overall student and employer needs.
2. Develop workplace readiness skills in the areas of attendance, time management, proper workplace attire, interpersonal skills (communication and customer service), positive attitude, and teamwork.
3. Demonstrate competent and appropriate completion of each learning objective, showing increased performance, improved efficiency, and enhanced skills in the workplace.
4. Examine and summarize overall internship or work experience, which may include: achievement of learning objectives, acquisition of skills and knowledge, development of work-based projects, clarification of career goals, and/or overall career growth.

Course Objectives

- 1. Prepare a resume which summarizes educational and work experience.
- 2. Follow employment policies.
- 3. Build self-identity and confidence as a worker .
- 4. Observe the dynamics of human relations in the work environment.
- 5. Apply skills learned in the classroom to actual working conditions.

Lecture Content

Writing resume Evaluate types of resumes Evaluate work and educational experience Prepare resume appropriate for career goal Writing measurable learning objectives related to internship or work site needs including what is to be accomplished, how it will be accomplished, how it will be evaluated and completion date.
