Course Description

This course is for the beginning player or a player with no prior professional instruction. Students will learn basic chord forms, scales, and music theory. The course focuses on the styles of the last 40 years and is very "rock" oriented, but students learn songs of their choice as part of the curriculum. Students must provide their own acoustic or electric guitar, and daily practice is necessary for satisfactory progress. Transfer Credit: CSU; UC.

Course Level Student Learning Outcome(s)

1. Construct major, minor, dominant 7 chords in open positions as well as in movable chord shapes.
2. Read and perform major, minor, and pentatonic scales in all keys.
3. Demonstrate fundamental techniques such as right/left hand coordination, speed, accuracy, and articulation.

Course Objectives

- 1. Ability to read standard pitch and rhythmic notation.
- 2. Apply correct guitar finger techniques.
- 3. Correlate staff notation with techniques used in playing polyphonic music.
- 4. Perform solo and/or duo repertoire at a basic level of instruction.
