Course Description

An introduction to various theoretical approaches to politics from classical to contemporary. Focus on reading and examination of primary text in order to apply theories to basic political problems and proposed solutions. Transfer Credit: CSU; UC. C-ID: POLS 120.C-ID: POLS 120.

Course Level Student Learning Outcome(s)

1. Utilize political science theory and terminology to evaluate philosophical arguments about government.
2. Utilize political science theory and terminology to assess the relevance of political theories to contemporary issues and policies.
3. Utilize political science theory and terminology to communicate about basic political problems and proposed solutions.

Course Objectives

- 1. Evaluate and restate philosophical arguments regarding government and politics based on original texts and primary sources.
- 2. Analyze and describe the different assumptions and values about "human nature" and "reality" embedded in each political theory.
- 3. Evaluate and explain arguments on the ideal form of government from various philosophical perspectives.
- 4. Identify the unifying themes within periods of political thought.
- 5. Compare and contrast the defining elements of each political theory and identify their strengths and weaknesses.

- 6. Assess the contribution of each political theory towards a comprehensive understanding of political life and political institutions.
- 7. Analyze political theory and theoretical texts and explain how they are relevant to contemporary issues including policy implications.
- 8. Describe the historical dialogue and debate between political theorists and philosophers.
- 9. Engage in political inquiry using a theoretical framework through which contemporary political institutions and events may be analyzed.

Method(s) of Instruction

- Lecture (02)
- DE Live Online Lecture (02S)
- DE Online Lecture (02X)

Instructional Techniques

A variety of instructional techniques will be employed to encompass different student learning styles. These may include but are not limited to, lectures and explanations of arguments, issues, topics, terms, and concepts. Focus on argument analysis, criticism, and evaluation. Class discussions, and small group activities, as well as reading and analysis of primary sources. Instruction will be supplemented, where appropriate, by PowerPoint presentations, electronic resources and technologies, guest speakers, and field trips.

Reading Assignments

Students will complete reading assignments from the textbook as well as any supplemental primary source readings, handouts, internet resources, and assignments from the Coastline Library.

Writing Assignments

Midterm and/or final exams will assess students ability to construct a coherent argument utilizing political science theory and concepts. Assignments will require students to demonstrate higher-order thinking: analysis, synthesis, and evaluation.

Out-of-class Assignments

Outside of the classroom students will do the required reading, study for quizzes and exams, and conduct research, where applicable, to prepare papers and essays.

Demonstration of Critical Thinking

Students will demonstrate critical thinking through written work such as essays and papers as well as active participation in class discussions. Assignments will require students to demonstrate higher-order thinking: analysis, synthesis, and evaluation.

Required Writing, Problem Solving, Skills Demonstration

Students will be required to demonstrate analysis of arguments on the nature of government and politics by completing one or more essays as a component of the exams, midterm and/or final exam, and at least one additional paper.

Eligible Disciplines

Political science: Master's degree in political science, government, or international relations OR bachelor's degree in any of the above AND master's degree in economics, history, public administration, social science, sociology, any ethnic studies, J.D., or LL.B. OR the equivalent. Master's degree required.
