Method(s) of Instruction

- Lecture (02)
- DE Online Lecture (02X)

Instructional Techniques

A variety of instructional techniques will be employed to encompass different student learning styles. These may include, but are not limited to, lecture, discussion, and small group activities. Instruction will be supplemented, where appropriate, by PowerPoint presentations, electronic resources and technologies, guest speakers and field trips.

Reading Assignments

Students will complete reading assignments from the textbook as well as any supplemental reading based upon course readers, handouts, internet resources, and assignments from the Coastline Library.

Writing Assignments

Writing assignments may consist of discussion forums, journal entries, and critical thinking essays. In addition, students will also complete a substantial term paper. At least 35% of the class grade will be comprised of writing assignments.

Out-of-class Assignments

Outside of the classroom students will do the required reading, study for quizzes and exams, and conduct research, where applicable, to prepare papers and essays.

Demonstration of Critical Thinking

Students will demonstrate critical thinking through written work such as essays and papers, oral reports, and active participation in class discussions.

Required Writing, Problem Solving, Skills Demonstration

Students will be required to complete one or more essays as a component of the midterm and/or final exams and at least one additional paper demonstrating research skills.

Eligible Disciplines

Sociology: Master's degree in sociology OR bachelor's degree in sociology AND master's degree in anthropology, any ethnic studies, social work, or psychology OR the equivalent. Master's degree required.
