

ART

The Orange Coast College Art Department offers students courses in almost every 2D and 3D art form imaginable: Drawing, Painting, 2D and 3D design, 2D and 3D Figurative Art, Sculpture, Jewelry, Ceramics, Illustration, Entertainment, Printmaking, Screen Printing, and more! Students can earn AA-T degrees in Art History or Studio Arts, Certificates of Achievement in Entertainment Art or Narrative Illustration, and Certificates of Specialization in Ceramics. The Art Department offers resources and instruction in both traditional art mediums such as oil and watercolor painting as well as new and industry-current mediums such as digital painting and 3D printing.

Students enjoy multiple venues, including the Frank M. Doyle Arts Pavilion, to showcase their artwork and benefit from mentorships, collaboration, and portfolio development within the department. We invite both art majors and the inner artist to explore the wealth of opportunities the OCC Art Department offers.
