

# STUDENT RESPONSIBILITY & CAMPUS COMMUNICATION

---

OCC makes every effort to communicate important information in a timely manner. The College primarily utilizes the Coast Community College District-issued student email and targeted announcements posted in students' MyCoast portals as the official means of communication. Students are expected to check their MyCoast and student email account on a regular basis for important information about registration, grades, holds, and deadlines. At the discretion of the College, students may also be contacted at their personal email and telephone as well as via text. Students are responsible for being aware of state-mandated and College deadlines and should verify all enrollment related transactions. Students wishing to opt-out of receiving communications to their personal email and telephone may contact the Enrollment Center to update their records.
