

ASSOCIATED STUDENTS

The Associated Students of Orange Coast College (ASOCC) is responsible for student government and participation in College planning, policy-making and governance. They contribute to a robust student life in a variety of ways including student clubs and organizations, social events and activities, and co-curricular and extra-curricular learning experiences. They also oversee a substantial budget to support students enrolled with a variety of different programs.

Within the ASOCC, students may choose from a variety of leadership experiences such as serving on participatory governance committees, serving as a club and organization member or officer, participating in programs and activities, and working on fiscal-related issues. We invite all students to participate and become involved as a student leader!
