

HOUSING

The College offers students apartment-style on-campus housing at The Harbour (https://catalog.cccd.edu/orange-coast/student-services/housing_residential_education/). Off-campus housing options are also available to students and can be found on the website <https://occ.jumpoffcampus.com>.

Homestay programs are also available to international students. This program allows the student and host family to learn about one another's country and culture, see one's own country in a new light, and make new friends.
